ABOUT ME

Junior gameplay programmer experienced in Unity (C#) and Unreal Engine (C++, Blueprints), seeking a first role to develop gameplay systems, troubleshoot bugs, and optimize game performance in a collaborative production environment.

PROJETS

2026 **Gameplay Programmer — Sunward (Unreal Engine, C++ & Blueprints)**

- Developed the player 3Cs: camera, controls, and character movement
- Implemented gameplay mechanics and core gameplay systems
- Designed and integrated parts the user interface
- Integrated animations and character behaviors
- Built a save/load system

Projet Galaxy (Unreal Engine, C++)

- Space platformer/adventure project featuring gravity simulation, orbital object interactions, and dynamic movement mechanics

2025

- Prototyped core gameplay and systems during the pre-production phase
- **Game engine** team project developed from scratch with OpenGL and C++

2024

- Recreated the **CurseForge application** with a focus on UI using C# and XAML (WPF)

2023

- **Gameplay programmer** on Imagiro, an adventure/puzzle game project
- Recreated core gameplay systems of Crypt of the NecroDancer in SFML and C++

EDUCATION

2023-2026 **Bachelor - Objectif 3D - Montpellier**

- **3rd year :**
  - Soft skills development
  - Video game budget management
- **2nd year :**
  - Native C#
  - Unity C# and API integration
  - Advanced Unreal Engine: Blend Spaces, State Trees, AI, NavMesh, pathfinding, multiplayer
- **1st year :**
  - Native C++
  - 2D graphics library: SFML
  - Unreal Engine C++ and Blueprints

SKILLS

- **Game Engines:** Unity (C#), Unreal Engine (Blueprints / C++)
- **Gameplay:** 3Cs (Character, Camera, Controls), state machines, input handling, UI, camera systems, save systems, sublevel management
- **Technical:** debugging, profiling, optimization (memory allocations, object pooling)
- **Tools:** Git, GitHub, Visual Studio, project tracking with HacknPlan, technical documentation, basic builds and testing
- **Soft Skills:** cross-disciplinary collaboration (design/art), clear communication, responsiveness to feedback, problem-solving, personal organization, agile teamwork

OTHER

Languages :

- French (native)
- English (advanced)
- Spanish (beginner)

Interests

Sports :

- Ping-pong
- Swimming

Musical instruments :

- Piano
- Ukulele
